Reminiscences.....

"My lecturers have made a great impact on me through their human qualities such as kindness, understanding, patience and tolerance which led me to dedicate my life to the service of the people as a consecrated person".

Rev. Fr. Vishal Lobo, Principal, Shankarapura Pre-University College, Shirva, Udupi.

Thanks for my Crossland family which has given me a rebirth into this world. Good communication skills, dedication, commitment and hard work are the strengths that I have acquired from My Crossland College. With the same spirit I have pursued my MBA in marketing specialization and have got placed in two companies. The first one is for JARO Education Groups as Career Development Executive and the second company is for Asians Paints as Sales Officer. I am happy to share these delightful things with my Crossland family because my foundation was laid in Crossland College. I thank all my lecturers who motivated and moulded me to this extent and I am representing my Crossland college wherever I go. Again I thank my Crossland family for giving a meaning to my life. Last but not the least my Principal has taught me the best principles of life. Proud to be a Crosslander.....

Kattela Wesly Pranith, Business Devt. Manager, Entune, Bangalore

As a Crosslander (though an alumnus now) I feel like I've spent a lot of time looking back, and for good reason. What an exciting time those 5 years have been. Reminiscing on the good, and beautiful experience Crossland has brought the best in me. Something you have given me is the ability to look forward, something that used to scare me. In fact, the unknown has always been a real fear for me. I like having a plan and knowing what the future holds, but you taught me that sometimes the best surprises in life are... well, surprises.

Thank you for the people. What a wonderful community you offered to help me grow. Though strict disciplinarians, our lecturers

never missed a chance to be jovial and free with all the students. Samuel sir's meaningful and motivational stories are still ringing in my ears.

Ranjith, Deutsche Bank, Bangalore

"Crossland College is developing into a foremost institution with commitment for skill, knowledge development and value education for socio economically backward rural children. Indeed this is the dream of its founder, a great visionary. I have seen this institution from inception and I am impressed with the progress it has achieved in the past. This institution has a great future too. I wish the institution the Crossland family headed by Dr. C. T. Abraham and Mrs. Abraham all the best in their future endeavours"
