

About ArthaVidhya

"ArthaVidhya" is a Skill development initiative to train students on Corporate Processes in Finance & Accounting with an innovative concept of VIRTUAL OFFICE. The training is completely ONLINE / Web Based, designed to bridge the gap between collegiate education and the corporate requirement.

The course designed by ArthaVidhya is completely INTERACTIVE, PRACTICAL and JOB ORIENTED. The student will be made to experience the corporate working environment while doing the course by creating a virtual office.

It is mandatory for a finance person to understand GST and its implications from the corporate perspective. ArthaVidhya has made its course, Business Accounting Process, in line with the GST requirements to help students get job ready with an understanding of GST.

Apart from the virtual office, (where transactions are GST compliant) to facilitate students, we have added a GST learning module in our course.

ArthaVidhya has partnered with National Skill Development Corporation now a ministry, as a skill development partner to focus on the skill India mission. The course is certified by BFSI and NASSCOM sector skill council of NSDC.

Our course focuses on business accounting processes and is completely complementary to the Tally training offered to the students. The Tally training helps the students to know how to use the Tally software. *ArthaVidhya course helps the students to understand how to work in finance and accounting, which is a basic requirement to take up the job.*
